

MEDICARE ADVANTAGE:

# Providing Better Services, Better Care, and Better Value

**20M+**

**More than 20 million Americans rely on Medicare Advantage** – they deserve to know they can count on the stable benefits and reliable high-quality insurance coverage they need to stay healthy.

**88% of seniors with Medicare Advantage say they are satisfied with their coverage** – and 61% say they are extremely satisfied.

**Medicare Advantage delivers affordable coverage by capping out-of-pocket costs** and other additional services that traditional Medicare doesn't cover, like integrated vision, hearing, dental, and wellness programs.

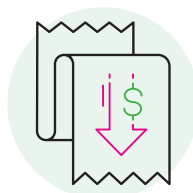

**Medicare Advantage covers more than six million seniors who make less than \$20,000 per year – many of whom might not be able to afford the out-of-pocket costs of traditional Medicare.**

**Medicare Advantage helps seniors stay healthier.** Research shows that Medicare Advantage plans are better at discovering and treating chronic disease early, which keeps seniors healthy and prevents unnecessary trips to the hospital.

Out of control drug costs are one of the biggest financial concerns seniors face – **most Medicare Advantage plans include comprehensive prescription drug coverage.**

**Medicare Advantage also helps drive down costs for taxpayers:** the more people who enroll in Medicare Advantage, the slower costs grow for traditional Medicare.
