Convenient

AHIP has more ways to help you learn,

AHIP’s flexible and manageable approach to professional training makes it easy to take your career to the next level. So jump right in! Choose from 40+ online courses, 15 professional designations, webinars, and other learning experiences.

Impressive Career Credentials Start Here

Enrolling in AHIP’s education programs allows you to grow your expertise and demonstrate your commitment to the industry. Start by enrolling—in at least one course— in a targeted designation program. It’s the first step to earning a career-enhancing credential.

Earn your PA-HM® with Healthcare Management: An Introduction (AHM520)

PA-HM®

Providing a comprehensive overview, this online course will get you

up to speed on the basic concepts of healthcare management and its

organizational structures. Learn about operational areas of health insurance providers as well as the legislative, regulatory, and ethical issues that impact our industry. Successful completion of this course is the sole requirement to earn your Professional, Academy for Healthcare Management (PA-HM®) designation.

Work towards your FA-HM®

Master the formation, types, and structure of health care management organizations and gain a deep understanding of their role in government programs. With a Fellow, Academy for Healthcare Management (FA-HM®) designation, you'll demonstrate your understanding of the overall purpose and direction of health care management, the impact of fraud and abuse, and the role of public policy.

To earn your FA-HM®, complete the following online courses:

• Healthcare Management: An Introduction (AHM520)

• Governance, Legal Issues, Medicare and Medicaid (AHM530)

• Health Plan Finance and Risk Management (AHM529) — UPDATED

• Network Management (AHM530) — UPDATED

• Medical Management (AHM540)

Visit ahip.org/FAHM for more details and to enroll.

Build a strong foundation with these intro courses

Just starting out in health insurance? Looking to fill gaps in what you already know? These online courses offer practical overviews that can enhance your skills and help you prepare for new challenges.

• Health Insurance 101: An Orientation

Get a solid grasp of the field. This course is an ideal introduction to health insurance basics.

• Fundamentals of Health Insurance

Master health insurance concepts, terminology, and products as you develop working knowledge of the business and operations side.

– Fundamentals of Health Insurance, Part A (Basics of Health Insurance)

– Fundamentals of Health Insurance, Part B (Basics of Company Operations)
Show your organization that you're committed to excellence and serious about success by becoming well-verved in specialized areas.
